Colonel Gillett probably will move discharge on that day. To discharge a committee requires seventy-six votes. Colonel Gillett declares he has seventy-four pledged and that he will not have any trouble in getting the two needed. There is much speculation as to whether the Assembly Judiciary Committee will go through with the investigation of alleged violations of law in the Anti-Saloon League. But neither Speaker Sweet nor the committee has any choice in the unanimous order of the Assembly that the league's superintendent, William H. Anderson, be haled before it for his attacks on members.

Fight to Save Welfare Bills

A determined effort will be mude to keep out of the clutches of the Rules Committee the minimum wage and the eight-hour day bills, for which the women's joint legislative conference has been fighting for weeks.

They were killed last year by Speaker Sweet in the Rules Committee, after they were passed by the Senate over the opposition of Mark A. Daly, the Buffalo lobbyist.

It is expected that the only chance to save them this year will be a successful fight on the floor on a motion of discharge the Labor and Industry Committee from further consideration

To Prevent Special Session

The plan is to have the vote on the Socialists taken on Thursday. This would preclude any possibility of the Governor calling a special election to fill the vacancies during the session, the law providing that there cannot be a special election ordered to fill a vacancy in the Legislature that occurs after March 31.

The group of twelve rent bills aimed at profiteers and designed to stimulate building are scheduled for passage on Tuesday.

Next in importance are considered to be the bills for giving increased salaries to the teachers, but unless the advocates can bring sufficient pressure to bear on the leaders here, there is little liklihood of their getting the invested.

Lewisohn Without Rooms

Lewisohn Without Rooms

Landlords have no sympathy with
members of the Mayor's Committee on
Rent Profitcering, according to Solomon A. Lewisohn, assistant chairman.
Mr. Lewisohn lives at 160 Wadsworth
Avenue with his son. He has been
unable to obtain sufficient rooms there,
so that his wife and daughter have had
to go to Delaware County to live.

"The landlords, because of my connection with the Mayor's committee seem I would make an 'objectionable' tenant. Anyway, as soon as a landlord finds out that I'm from the Mayor's committee it's all off. As such official I've gotten good quarters at reasonable rental even for scrappy couples, so its's funny that a man so happily married and officially circumstanced as myself must be separated from his wife because he can't get adequate rooms for himself and family."

It is the designed to the league, and it is expected that 250,000 members will have enrolled inside of two weeks. Each member will pay a \$1 enrollment fee. in 1919 renters of residential property paid a total of \$62,000,000. Basing estimates on the present monthly rates of rent paid by Detroit tenants, the total for 1920 will exceed \$83,000, 100. In January, 1919, Detroit tenants paid approximately \$3,160,000 to their landlords, while during the same month of this year the figure had increased to almost \$7,000,000. A gross return of 12 per cent on renting property is the average demanded by landlords, according to government figures. However, officials say many property owners receive double this amount. Property owners know they can demand any rental for a house or apartment and they take advantage of the critical situation, according to William Gutman, chairman of the Board of Assessors.
